Soul JOURNEY...

SPIRITUALITY FOR
YOUNG ADULTS
18 - 35 YEARS

Soul JOURNEY...

The journey of the soul can never be duplicated. Each one of us carries within a deep longing for the divine mystery we call "God". Learning to trust the personal experiences of the Sacred in our lives and to recognise the stirrings of the Spirit opens us to a unique spiritual adventure. In the ancient stories of scripture we encounter the God who comes to birth in the totality of our life, in both its beauty and its messiness.

God invites us to "come away..." to encounter the Divine who will speak to our heart and send us forth to live fuller lives.
